Profile

Motivated Computer Science student at UET Lahore (6th semester), with hands-on experience in building full-stack web apps using modern frameworks like React, Next.js, Node.js, and Flask. Known for rapid learning, clean code practices, and delivering real-world projects through internships and freelancing. Passionate about scalable software design and user-focused development.

Education

UET Lahore *BS in Computer Science* *Dec 2022 – May 2026*

- **Coursework:** Object-Oriented Programming, Data Structures and Algorithms, Databases, Software Engineering, Software Project Management, Cloud Computing, Design Patterns

Projects

VitalHub – Fitness and Health Tracking Website

github.com/Tabishcode/VitaTrack-Hub [🔗](#)

- Developed the landing page and core user flows including the onboarding requirements form and weekly food timetable.
- Implemented daily food attendance tracking functionality with basic progress monitoring features.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, Tailwind CSS

AI-Powered Resume Parser Website

github.com/Tabishcode/Resume-AI [🔗](#)

- Built the full-stack application with features like landing page, resume preview, parsed data in tables, and PDF report generation.
- Managed user history and integrated backend parsing with real-time display.
- **Tech Stack:** React.js, TypeScript, Flask, MySQL, Tailwind CSS

Experience

Frontend Developer Intern

StericTech

Mughalpura, Lahore

Feb 2025 – Mar 2025

- Improved the UI of the Login and Dashboard pages in the CattleCare project.
- Integrated 20+ REST APIs with robust error handling and token-based authentication.

Frontend Development and Web Scraping

Fiverr

Remote

Sep 2024 – Nov 2024

- Created a 6-page front-end in Next.js for a client, based on a design file provided in Figma.
- Performed web scraping for more than 10 websites for 3 clients.

Technologies

Languages: Python, C++, JavaScript, SQL

Frontend: React, Next.js, TypeScript, Bootstrap, TailwindCSS

Backend: Node.js, Express.js, Flask

Databases: MongoDB, MySQL

Other Tools: Git, Postman, Figma
